Frankfort, Kentucky 40602

Dear Sirs:

The Buechel residents have been diligent in making improvements to beautify their community. The construction of a cellular tower in that location would be an unsightly blemish, as well a possible health risk to numerous individuals.

***I, being the Mayor of West Buechel, and promoter of community development in a positive manner, support the efforts of the Crawford Avenue residents in opposing construction of the cellular tower Case #96-271.***

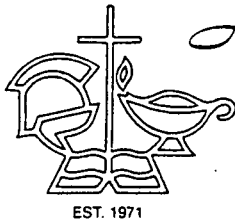

This city and it's surrounding area will not be known as a "Tower City".

Sincerely,

Sharon Fowler  
Mayor

RE: Case #96-271

Dear Executive Director:

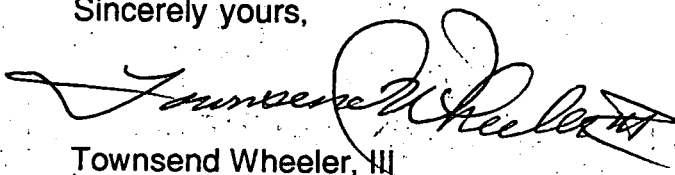

I am writing to you as a concerned member of the business leadership team of Buechel, KY. Over the past seven years I have been intensely involved in the revitalization of Buechel's business environment. I have served as the Principal of Alliance Christian Academy located in Buechel, vice president of the Buechel Business Association and president-elect of the Rotary Club of Buechel. I am also a strong supporter of the YMCA in Buechel.

I am troubled by the prospect of there being constructed in this densely populated area another communications tower less than 1200' from an existing tower and 40' from the playing fields of the YMCA. It is especially troubling because we are not presently able to accurately calculate the effects of long-term exposure of children and adults to the waves given off from such towers.

It is because of these concerns and the potential negative impact that such a tower's presence in Buechel will have on our business and residential community, that I call upon you to deny the application in Case #96-271 or at the very least to call for extensive fact-finding in this and related matters.

Thanking you for your diligent service, I am

Sincerely yours,

  
Townsend Wheeler, III
